### OUR CIRCULATION. WE mean to keep the following paragraphstan- THE UNDERSIGNED has commenced

ding for the benefit of all whom it may concern: ADVERTISING. -We would commend the following facts to the attention of the advertising community.

The "Wilmington Journal" circulates upwards of 12 on Watter street, and solicits the attention of facts to the attention of the advertising community. HUNDRED COPIES weekly. Its circulation in the town of Wilmington is as large as that of any other paper published in the place. We would further state that its irculation in the counties which trade to this place is THREE TIMES as large as that of any other paper publishd in North Carolina, and that its list is daily increasing. We say, therefore, without the fear of contradiction, that it is the best vehicle for advertising which the people of Wilmington can select. One other observation. We think, that although a large majority of the readers of the "Journal" are Democrats, still THEY occasionally do a little trading, as well as the readers of the whig papers. We have written the above merely for the information of those who are most deeply interested-business men of all professions and all political creeds-WHO WANT CUSTOMERS.

Grasping the arm of Marshal Ney, and pointing to Friedland, the bridges, the Russians crowded together in front, "yonder is the joil," said he; "march to it without looking about you; break into that thick mass, whatever it costs you; enter Friedland, take the bridges, and give yourself no concern about what may happen on your right, on your left, or in your rear. # LATEST NEWS FROM THE SEAT OF WAR

From the N. O. Picayune, 5th inst. THE NEWS FROM MEXICO.

Somewhat copious details of the news from Mexico, brought yesterday by the Alabama, will be found in another column under the appropriate head. Since, however, that article was in type we are placed in possession of further details, and reflection leads us to attach additional importance to the accounts. Beyond dispute, the most satisfactory fea-

ture in the news touches the loss sustained in the recent actions by the army of Gen. Scott and its present position. Our news is rather isfactory than if it were more definite. We have ample ground on which to deny the painful reports brought by the James L. Day of the deaths of distinguished American general officers. Our information is positive that Gen. Smith has not been slain, but that he has anew covered himself with g'ory. Gen. Worth has been appointed Governor of the city of Mexico, and was acting as such as late as the 24th of September, letters of which date have been received by commercial houses at Tampico. We have not been able to learn any hing definite of Gen. Pillow and his wounds but from the total silence of letters in regard to him which make mention of our losses, we are persuaded that he has not been killed, and we hope not wounded. We cannot learn that either General Worth or General Smith have been wounded, but Major Capers, an intimate personal friend of Gen. Worth, who came passenger on the Alabama, is entirely satisfied of Gen. Worth's safety. In this connection we may mention that Maj. Capers is the bearer of despatches from Tampico for Washington. He has with him, also, letters, private and unofficial, from various sources in the city of Mexico, which make incidental mention of public affairs, which letters will be communicated to our government. It is from this gentleman we learn such information as we possess of the loss of our army in the recent engagements which is unexpectedly small .--The Mexican accounts make it exceed one thousand men in killed and wounded, while more authentic accounts from English sources set it down at four hundred and seventy or eighty, all told. The number of American officers killed is sid to be 27, and the number wounded 45. The only individual mentioned among the killed is Captain Albemarle Cady, of the 6th Infantry, an accomplished officer, a graduate of West Point and native of New-Hampshire. It is somewhat singular that so little should have transpired in regard to our loss is set down in round numbers at 3000 kill- the 30th. ed and wounded. Farewell friend and brother, thy warfare is o'er, Brev. Brig. Gen. G. M. Brooke, Col. 5th Inf. The shrill call of battle shall rouse thee no more pace and to heaven, thy spirit is gone. We weep for thy loss—though our loss is thy gain, And memory still mourns as she looks on the past, And recalls recollectons she'll ever retain.

Of friendship and love, that are severed at last.

We weep for the brave, who so gallantly led His heroic band, mid the wild storm of war, And cheer'd them on o'er the dying and dead, While the uproar of battle resounded afar.

We mourn for the brave, who now slumbers in peace, Whose name and whose worth love and friendship co with a pious remembrance, that never shall cease, 'Till the spirits that mourn, are united with thine.

Charleston was held at the City Hall, Charleston, on the evening of the 6th October, 1847, in honor of the Palmette Residual. A series in honor of the Palmetto Regiment. A series of spirited resolutions were adopted, and several eloquent addresses delivered on the occasion. We extract from the Charleston Evening News the following well-timed remarks made by Mr. Havne :-

Sixty, stated that the Committee had unanimously concurred in the Resolutions he held that it had been a task most grateful to his feelings. They were drawn as no formal tribute of cold propriety; they came gushing from the heart; they expressed a feeling that was real-and if they did not meet a cordial response in every Carolina bosom, it could only arise from their expressing too coldly 00-We have been requested to state that the sentiments they were intended to convey itself, exceeds this simple statement. Even for all"-he bides his time; but when the ness, disease, and the commands of his physicians, he takes "his place in the picture."-Pale, haggard, and ghastly, his tall form is seen on his charger at the head of his Regiment. His horse is killed, and the tall, pale man, still advances at the head of his band, their chosen chief. He is wounded, falls, and is carried fainting from the field; again he rallies, and appears in front of his Regiment, and dies, still in every sense its leader.

Sir, I knew him well. He is associated with the most cherished recollections of my early manhood; with an eventful epoch in my life-a time which taught every man to know his fellow. The spirit he then evinced when danger but threatened, he has proved when he grappled it in close embrace on the 1.300 field of Churubusco.

A remar kable cure of Consumption has recently been effected by this medicine in the town of Chatham in this County, and which was related to us by Dr. Herrick, an eminent physician of that town to whom we have permission to refer. A young lady who had long labored under an affection of the lungs, and who had been under the care of several physicians without experiencing any relief, was considered by her friends as beyond the reach of medicine, and she was informed by her medical attendant that she must die. All her own premoniations, also, pointed to the grave. Fortunately she was induced to send to the Kinderhook Bookstore for a bottle of Wistar's Balsam of W.ld Cherry, as a last resort in her critical situation. Before its contents were exhausted, the young lady experienced great relief, and two more bottles were successively procured and administered. She is now happy in the restoration of

THE MOST EXTRAORDINARY MEDICINE IN the world. This extract is put up in quart bottles; it is six times cheafer, plassanter, and warranted superior to any sold. It cares diseases without vomiting, purging, ackering, or abbilitating the patient.

The great brauty and superiority of this Sarsaparilla over all other remedies is, while it eradicates disease, it invitorates the body.

IT HAS PERFORMED MORE THAN 15,000 CURES THIS YEAR.

1,000 cures of Rhedmatism.

1,000 cures of Byspepsia;

3,500 cures of general debility, and want of nervous energy:

2.500 cures of Dyspensis:
2.500 cures of general debility, and want of nervous energy;
3.000 Female complaints and over;
7.000 cures of diseases of the blood, viz:
Ulcers, Scrofula, Erysipelas, Salt Rheum, Pimples on the face, &c. &c., together with numerous cases of consumption, Liver Complaint, Spinal Affections, &c.
This, we are awage, must appear incredible, but we have letters from physicians and our Agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, New Jersey, informs us that he can refer to more than one hundred and fifty cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure, and to men of character well known.

United States Officer.—Csp. G. W. McLean, member of the New Jersey Legislature, late of the United States Navy, has kindly sent us the following certificate. It tells its own story:

Rahway, January 25, 1847.

A year since I was taken with the infu nza and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after tak ng two or three bottles I was very much relieved, and attributed it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under and consideration.

The Editor — John Jackson, Fsq. Editor of the Rahard applied the physic certificate, and

saved my life, and would not be without it under any consideration.

The Editor — John Jackson, Fsq., Editor of the Rahway Republican, published the above certificate, and remarked in an editorial as follows:

The success of Dr Townsend's preparation of Sarsaparilla, appears to be of t'e most extraordinary character. We publish to-day two certificates in its behalf, one from Capt. McLean, of this town, and one from Rev. Mr. White, of Staten Island, a gentlemsn well known in Rahway.—Capt. McLean believes the medicine to have saved his life, and Mr. White seems to entertain an equally strong confidence in its efficacy. Intelligent men like these would no praise so s rougly what they did not fully believe to deserve it.

Scroftla Cured.—This certificate was handed in to Dr. Townsend's office this week, and conclusively prove that his Sarsap-rilla has perfect control over the most obstinate diseases of the blood.—Three persons cured in one house is u. precedented.

Dr. Townsend—Dear Sir: My wife has been for several years afflicted with rheumatism. She has tried many different remedies to obtain some relief, but all to no purpose. She was finally induced, by seeing your advertisement, to give your Sarsaparilla a trial. We procured some of it from your agent (Mr. Van Buskirk) and it gives me pleasure to state that after using it the average.

Read the following, and doubt if you can, that consumption cannot be cured. This is only one of the several hundred cases that fownsend's Sarsaparila has Dr. Townsend-Dear Sir: I was taken, a little over year ago, with a severe cough and a pain in my side. It increased on me very fast, indeed. I was pronounced by physicians to have the quick consumption. I raised large quantities of bad matter, had night sweats, and sinking very fast: my doctor said he could do nothing for me. I went into the hospital in hope of being benefitted, but was pronounced there as incurable. I was now greatly distressed at the lungs and could hardly breathe; I soon became emaciated, and expected to die was confined to my bed, and was obliged to have watch es; indeed I cannot give you any description that would do justice to my case. I was supposed by my friends to be past recovery; I had tried a great number of remedies, and all seemed to be to no purpose. I read of some most extrordinary cures performed by your medicine, and to tell you the truth, I suspected there was some humbug in them. But I was inde

some humbug in them. But I was induced to try it; I did so, and am very thankful I did. I cannot say that I am entirely well, but am so far recovered as to be about my business, and hope to be entirely well in a few weeks. My cough and pain in the side, and night sweats have left me, and raise but very little, and am fast gaining my usual strength. I felt it a duty to give you a statement of my case, to publish if you please.

PETER BROWN, 47 Little-street, Brooklyn. GREAT FEMALE MEDICINE. Dr. Townsend's Sarsaparilla is sovereign and speedy cure for incipie, teonsumption, barrenness, leucorrhæa or whites, obstructed or difficult menstruation, inconinence of urine, or involuntary discharge thereof, and

for the general prostration of the system—no matter whether the result of the inherent causes, or produced by irregularity, illness or accident. Nothing can be more surprising that its invigorating effects upon the human frame Persons all weakness and lassitude before taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female fram which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a Dr Wood's Sarsaparilla and Wild Cherry Bitter nature, to exhibit certificates of cures performed, but Carpenter's Compound Fluid Extract Sarsapanil we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with healthy

offsprings.

Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of Extract of Sarsaparilla, and followed the directions you gave me. In a short time it removed her complaints and restored her to health Being gracful for the benefits she received, I take pleasure in thus acknowledging it, & recommending it to the public. M. D. MOORE, cor of Grand Albany, Aug. 17. 1844.]

Dr. Townsend.—To all whom this may concern: This is to certify, that my w fe used one bottle of your Sarsaparilla previous to her confinement, under the most alarming and delicate circumstances, being troubled with the dropsy, swelling of the feet, nervous affections, and very much debilitred. With my persuasion, and the recommendation of those who had used it, she was induced to try it, with little or no faith; and suffice it to say, the medicine had the happy and desired effect, not only in the control of the cont say, the medicine had the happy and desired effect, not only in the nours of confinement, but after the expiration of one week of its use, the dropsy and nervous affection gave way to an astonishing degree, and her health is now better than it had been for a long time previous. If this will be of any service to you, or any who doubts the success of the medicine, you are entirely welcome to it. I subscribe myself your most obedient and obliged servant.
